7"W x 3 3/8"H

Water Bottle Favor
Actual Label Size:
9"W x 3"H

See the next several pages for designed and blank template sheets of label images that you can personalize and print using your computer and printer.

What You'll Need:

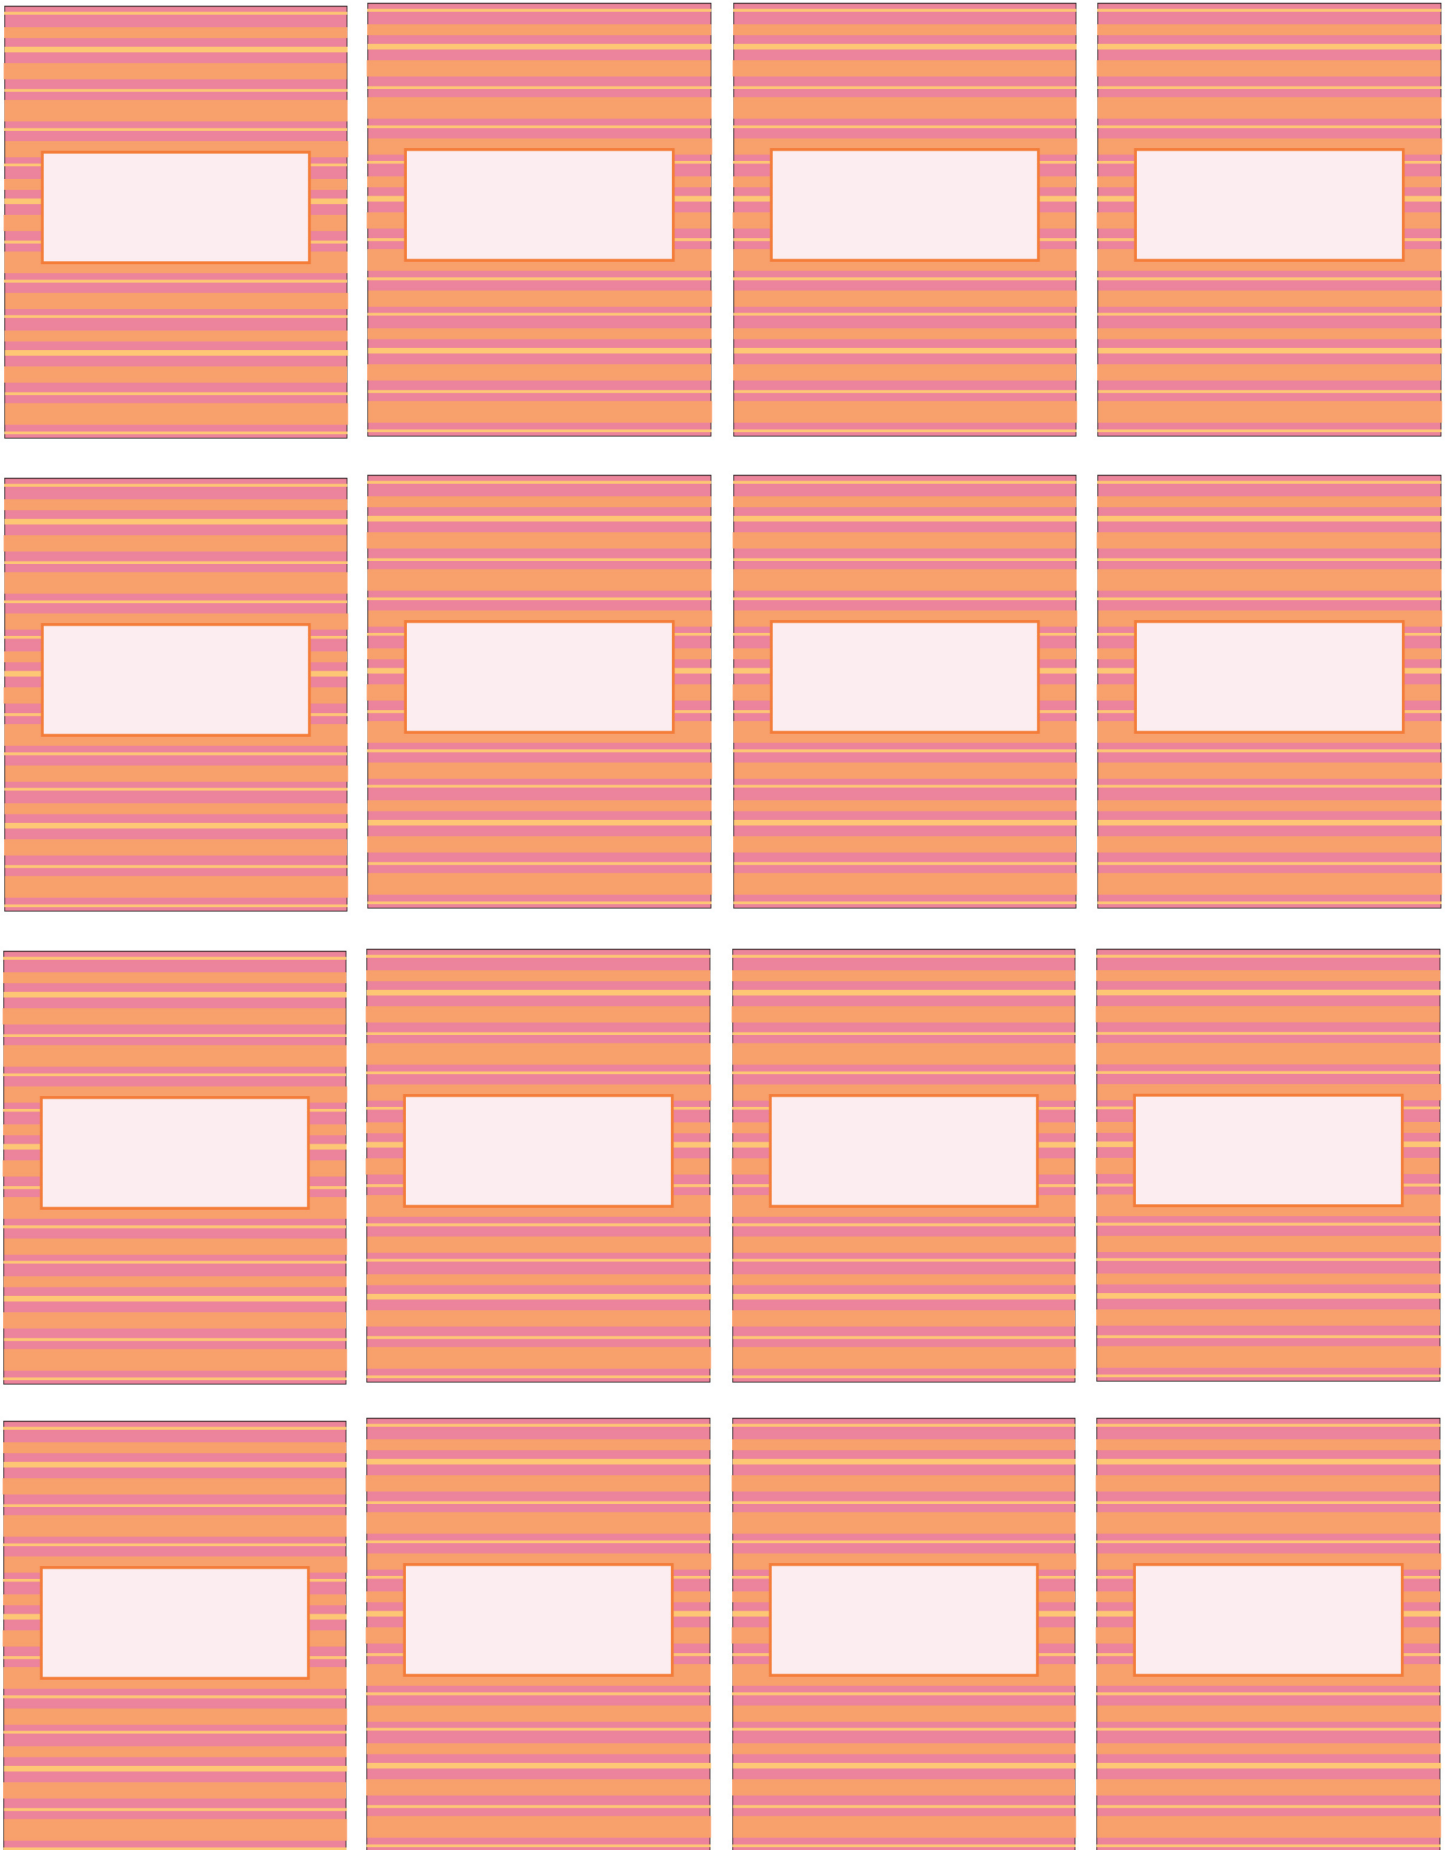

- Choose Your Favor... lip balm, playing cards, and bottled water from Dollar Tree are both useful and economical choices, especially for warm-weather weddings!
- Label Sheets (peel & stick printable paper) or Cardstock
- Double-Sided Tape (if using cardstock)
- Scissors

Easy Step-by-Step Directions:

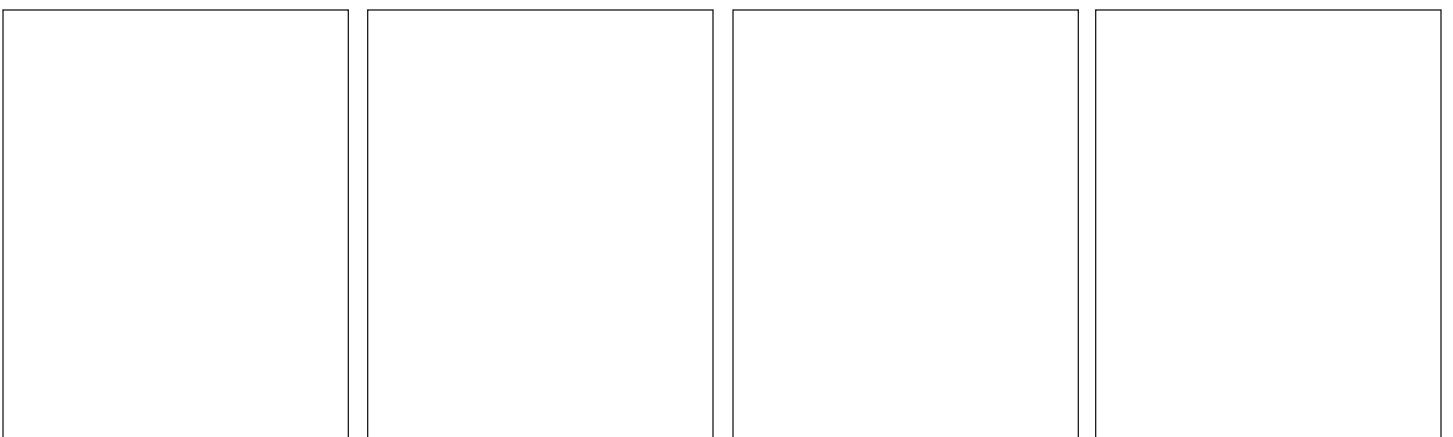

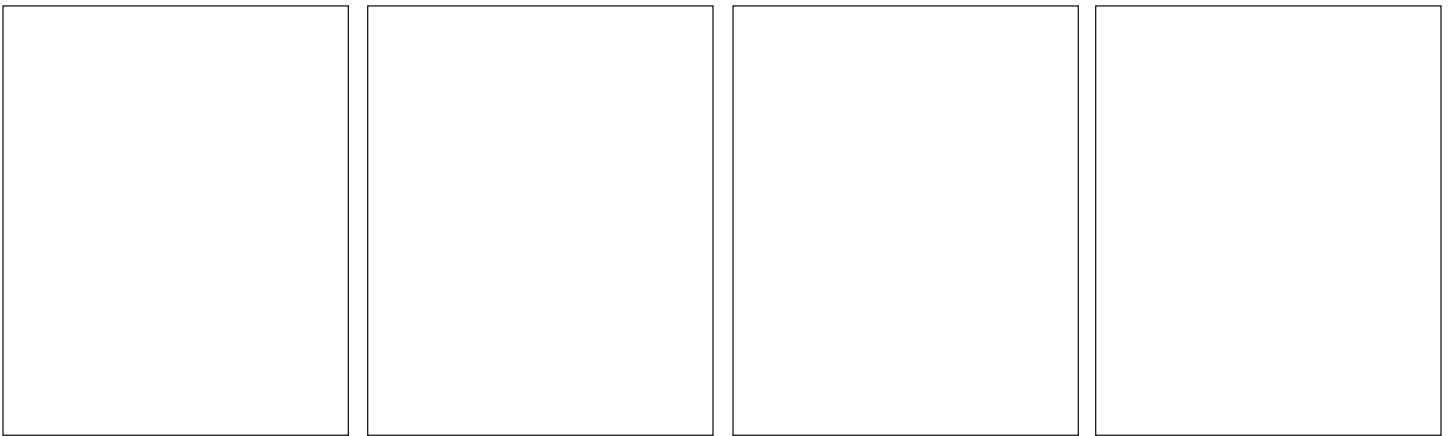

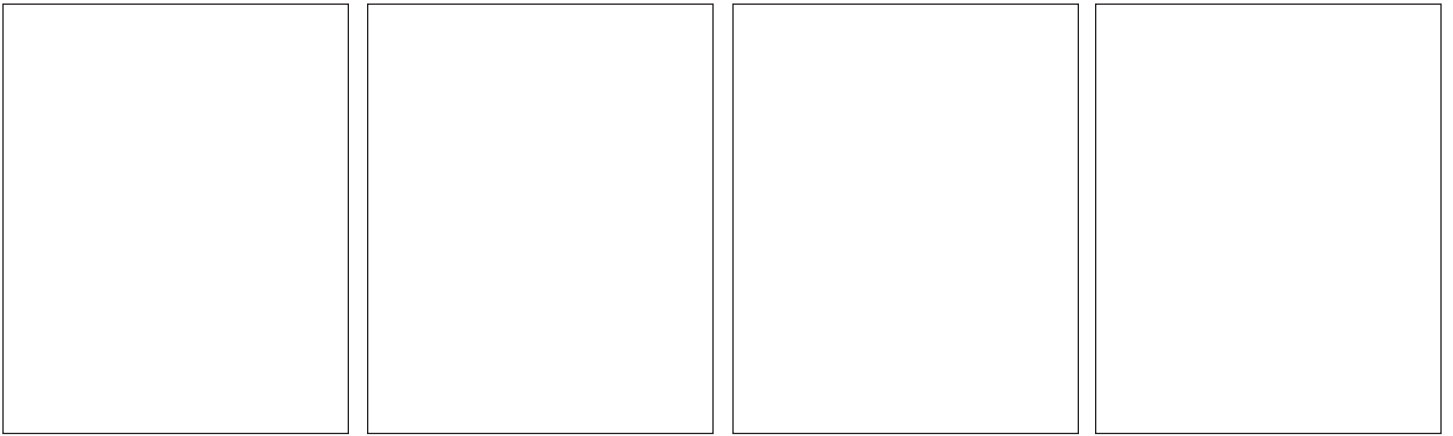

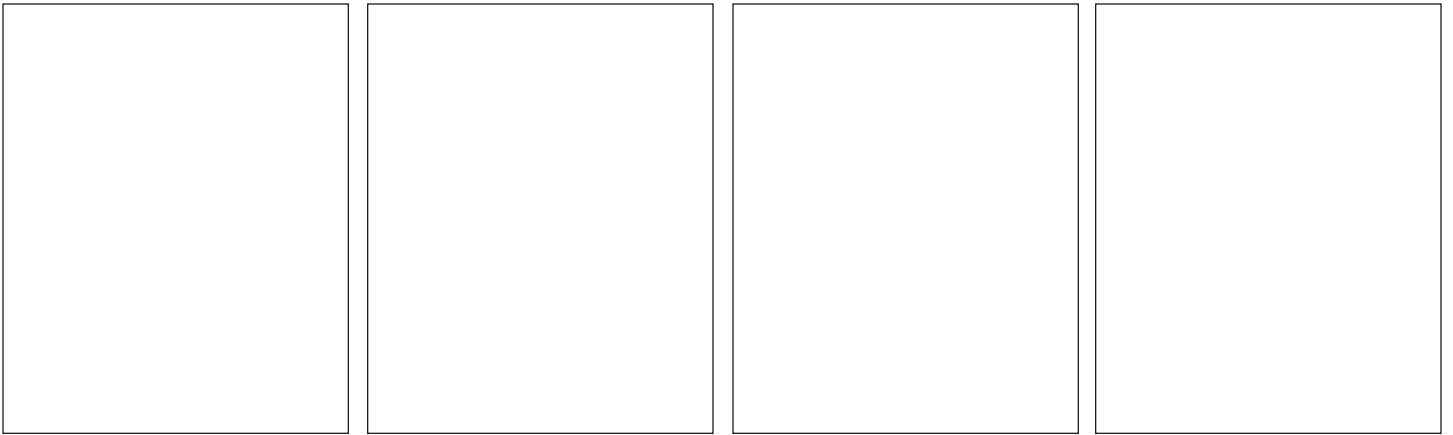

1. First, design and print labels with a message (if you want), plus your names and wedding date (see example of our labels to the left). We printed our labels on 8 1/2"x11" label sheets, then cut them out. You could also choose to print your labels on cardstock.
2. Remove any existing labels from your favors.
3. Peel the backing off each printed label and carefully place them on the favor. Take your time and be sure to avoid air bubbles. If you are using cardstock, use double-sided tape to adhere the label to the favor, plus to stick the label seams together for a professional-looking finish.
4. Place your favors at each place setting, or create a festive favor basket, table, or tray.

your wedding should be special... *not expensive!*
