Personalized Glass Stem Vase Shower Favors

What You'll Need:

- 9½" Etched Tapered Glass Stem Vases
- Faux or Fresh Flowers
- Ribbon (in your choice of colors)
- Glass Gems (in your choice of colors)
- Label Sheets (Peel & Stick Printable Paper)
- Scissors

Easy Step-by-Step Directions:

1. First, design and print labels with a message (if you want), plus your names and wedding date (see example of our label to the left). We printed our labels 12 to a page on 8½x11" label sheets, then cut them out.
2. Wash and dry each glass stem vase.
3. Peel the backing off each label and carefully place them on the glass vases. Take your time and be sure to avoid air bubbles.
4. Cut your ribbon into 22" sections (you could cut them a little shorter, depending on the size bow you want). Tie a ribbon bow onto the tapered part of the vase.
5. Fill each vase to desired height with glass gems in your choice of colors.
6. Place fresh or faux flower stems of your choice into the vase, pushing them into the gems for stability. We used our large Gerbera Daisy Stems for a big, colorful impact.
7. Decorate your shower space with finished vases, then be sure each guest knows to take one home!

your wedding should be special... *not expensive!*
