wedding idea project sheet

Personalized Glass Stem Vase Wedding Favors

What You'll Need:

- 9½" Etched Tapered Glass Stem Vases
- Faux or Fresh Flowers
- Ribbon, Raffia, or Twine (in your choice of colors)
- Glass Gems (in your choice of colors)
- Cardstock Paper Tags
- Hole Punch
- Scissors

Easy Step-by-Step Directions:

1. First, design and print paper tags with a message (if you want), plus your names and wedding date (see example of our tag to the left). We printed our tags 18 to a page on 8½x11" cardstock, then cut them out.
2. Using a hole punch, punch a hole in one end of each of your tags.
3. Cut your ribbon/raffia/twine into 22" sections (you could cut them a little shorter, depending on the size bow you want).
4. Using the ribbon/raffia/twine, tie a knot around the glass vase, then slip your tag on the ribbon/raffia/twine and continue to tie it into a bow.
5. Fill each vase to desired height with glass gems in your choice of colors.
6. Place fresh or faux flower stems of your choice into the vase, pushing them into the gems for stability (we used fresh lilies). Fill vase with water if using fresh flowers.
7. Place a completed vase favor at each seat at your reception.

Personalized Tag

Actual Size: 2¾"W x 1¼"H

Optional Idea: You could easily use these favors as place cards as well by simply adding your guest's name to the label!

See page 2 for our bird label template. See page 3 for a template sheet of blank tags that you can personalize and print using your computer and printer.

your wedding should be special... *not expensive!*
